

EXCELLENCE CENTER™

COMMUNITY POD

Soy Excellence Center Community Pod User Guide

This user guide will help you navigate the key features and resources available in the Community Pod.

Overview of Key Settings and Features

The following pages highlight the key features, resources, content, and forums that you will find in the Community Pod. It's organized by the four topics in the Member Tools header of the website: My Account, Community, Training, and Resources. To find each section, use the dropdown menu to see each topic title.

Each of the sections, functions, and features we will discuss in the following pages can be found on the Soy Excellence Community Pod using these dropdown menus. Each section will note which dropdown to use when navigating to that item.

Manage Account and Profile

To access your profile and change any account settings, navigate to the Dashboard menu under **My Account > Manage Account & Profile**.

Industry news can also be accessed from the Resources dropdown menu on your dashboard.

Industry Posts

Industry Posts are available at your fingertips! Under **My Account > Dashboard**, you can find the Industry Posts. This section features an RSS Feed with timely news updates and information from reputable industry news sources.

From your dashboard, select the *All industry news >* link to access Global and Regional specific news articles (Figure 2).

News Feed

General/ Global resources

- Poultry Site
- Poultry World

Regional resources

- African Farming and Food processing

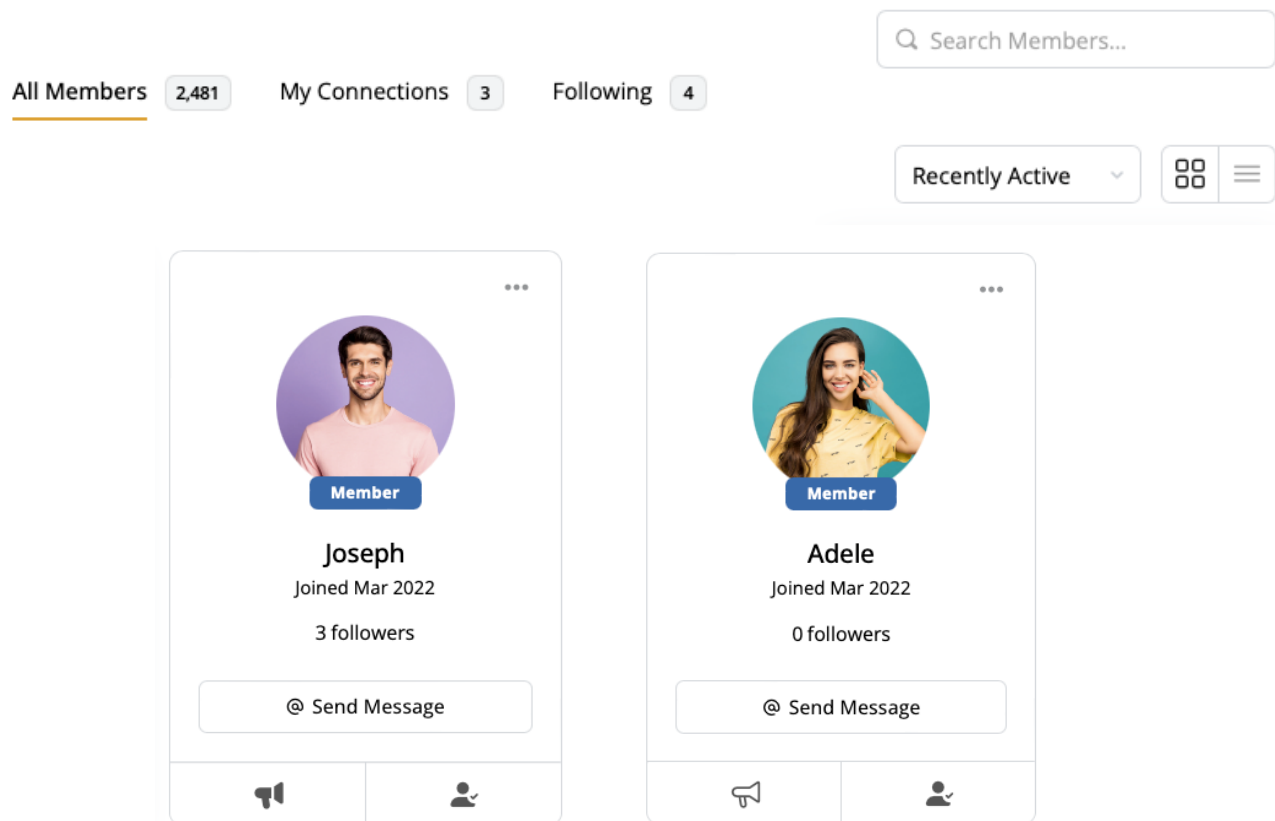

Member Directory

The **Member Directory** is in the **Community** dropdown menu. Here you can find and connect with others who are part of the community. If you follow another member, you will see their posts and activity in your feed.

The buttons on each profile allow you to send them a message, follow them, or connect with them.

This page also allows you to search for members and see how many you already follow.
